PREMIUM PACKAGE

£ 2470.00

WORCESTER GREENSTAR 27I

Our higher output Greenstar i System boiler is part of that latest generation of smaller and lighter boilers. Suitable for small, medium and large homes, the boiler can also be fitted in a standard kitchen cupboard. This boiler can be used with our range of high efficiency Greenstore cylinders for a complete Worcester system solution for your home.

5 YEARS GUARANTEE

WORCESTER BOSCH EASYCONTROL

Control your heating anywhere with your smartphone. With Home Presence Detection the thermostat also automatically turns the heating down when you're no longer home.

ADEY MAGNACLEAN PROFESSIONAL 1

Engineered to actively trap virtually all circulating debris, it never stops delivering the very best protection.

ROOF FLUE

Installation of vertical flue on your roof.

-

POWER FLUSH

This cleaning process removes sludge, rust and dirt from your central heating system. If your radiators do not fully heat, you may want to consider a power flush.

-

Removal of your existing boiler (and hot water tank if applicable), with responsible disposal

-

Add a corrosion inhibitor - to help protect your central heating system

-

Installation of a condensate pipe

-

An appropriate flush of your central heating system

-

Thermostatic radiators valves fitted in your bedrooms

-
